ref 1d011732 cruising on second moscow rpp english 1630-1700
gmt cast

bbc has completed a survey of referent cast and has established
that its contents are well covered by the rpp english to africa
1630-1700 gmt and the 1300-1330 gmt english to asia casts. it
has therefore decided to place this new english cast on irregular
coverage as backstop for the other two english programs.

the referent broadcast is, however, untargeted, its opening
announcement is as follows:

"you are listening to radio station peace and progress, the
voice of soviet public opinion. you can hear us every day at 1630
gmt in the 41 and 49 meter bands and at 228 meters." the broadcast
concludes with the following announcement:

"you are tuned to radio station peace and progress, the voice
of soviet public opinion opinion. and with that we end this half
hour transmission. you can hear us every day at 1630 gmt in the
41 and 49 meter bands and 228 meters. our address: radio
station peace and progress, moscow, the ussr. and now, goodbye
everybody."

propose use of sourceline: "moscow radio peace and progress
in english" for material filed from this source. 30/1515z nov
